### Embassy, RepublicNL,

Organisations in NL - who are against the 100% Spylaw - have turned to court to stop the introduction of this law.

This = FAKE court-trial!

### The Organisation as Bits of Freedom + Nederlandse Vereniging Strafadvocaten + others support the Freedom to Murder situation in NL:

The assist the Parliament + King + Criminal Judges with organizing Murder on Individuals. They also keep the education a Lobby-system where students are trained to be above the Law and for Freedom to Murder.

<https://www.nvsa.nl/>

These organisations are parasites on my body + they want to keep DictatorshipNL alive.

They misuse all the info - put into power by decree via the UN - from RepublicNL.

### What will happen?

In Holland, compagnies like Foxit & Co have already devellopen Algoritmen for 'observing + ending Crime'.

Like the Precop-system. But, in NL... the excistance of this algoritmen is kept hidden from the people.

We don't have clear protocols; all protocol for Crime-fighting are being produced by persons against whom runs an ICCLawcaseNL.

In Holland, all Crime-fighters-systems are being produced 'to keep the Elite and to be free to kill the simple people, or small-business'.

This type of misuse of power will only stp when the ICCLawcase against NL is officially legally correct closed.

The closure of a part of the ICC-murder-lobby is not enough; Thehague GlobalJusticeInstitute will be closed = FAKE act.
